## 页面跳转

## 正常的页面跳转:

```
// 跳转主页
uni.navigateTo({
url: '/pages/index/index'
})
```

## 但是上面这个跳转方式无法正常工作

```
■ [基础库] 正在使用灰度中的基础库 3.1.5 进行调试。如有问题,请前往工具栏-详情-本地设置更改基础库版本。

▶ [Deprecation] SharedArrayBuffer will require cross-origin isolation as of M92, worker.js?libName=WA_celerate around July 2021. See https://developer.chrome.com/blog/enabling-shared-array-buffer/ for more details.
```

因为你的主页 (index) 是菜单栏 (tabbar) ,你不能通过navigateTo 这样的方式去跳转你应该通过这个方式去跳转

```
JavaScript

uni.switchTab({
 url: '/pages/index/index'
})
```
